institutions

Prisons

# Links to the Past

- The Big House
  - 1940s-50s, average population 2,500 inmates per institution
  - Mostly white inmates, few treatment programs, custody as primary goal
- 1960s-70s
  - Correctional institutions
  - Rehabilitation model, treatment programs with counselors and teachers

# The Goals of Incarceration

- Crime Control
  - Incarceration
  - Diverse prison population
  - Drug-related and violent criminals

# The Goals of Incarceration

- Custodial Model
  - Incapacitation
  - Deterrence
  - Retribution
- Rehabilitation Model
  - Treatment
- Reintegration Model
  - Community supervision

# Discussion Question

Discuss if all three models of incarceration can be implemented at once. Why or why not?

# Prison Systems

- All 50 states and federal government operate prisons
- 1,292 confinement facilities
- 92% under state authority
- 283 private facilities
- Largest number in the South 47%
- 20% in Midwest
- 18.5% West
- 14.5% North

# Discussion Question

What if your home state decided to release 50% of its inmates early of their scheduled release, over a 16 month cycle, due to overcrowding and budget problems. The first inmates released early would be first time drug offenders, followed by non-violent offenders and repeat non-violent/drug offenders? Would you support or oppose this move? Why?

# Prison Systems

- The Federal Prison System- created by congress in 1930
  - Bureau of Prisons
    - 38,000 employees
    - 219,000 inmates
    - 119 institutions
    - 22 residential reentry management offices

# Prison Systems

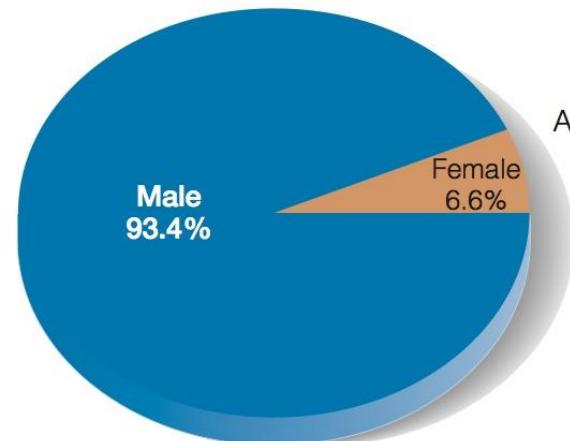

- Federal crimes
  - Bank robbery
  - Extortion
  - Mail fraud
  - Arson
  - Drugs
